

Con-Clean

INNOTECH™ CON-CLEAN is a detergent modified phosphoric acid concentrate used to clean and prepare concrete substrates for coloring.

Product Features and Benefits

- INNOTECH CON-CLEAN is a detergent modified phosphoric acid concentrate used to prepare concrete substrates for coloring with INNOTECH COLOR EASY and staining with INNOTECH CHEMICAL STAIN† and INNOTECH LIQUID DYE CONCENTRATE† as well as clean to concrete surfaces.
- Applied to concrete prior to staining, INNOTECH CON-CLEAN may help enhance the colors and effects of INNOTECH CHEMICAL STAIN† and INNOTECH LIQUID DYE CONCENTRATE†.
- INNOTECH CON-CLEAN will remove some minerals (mineral scale and efflorescence) from surface as well as clean concrete surface.
- This product is especially for preparation of concrete prior to application of any INNOTECH SOLVENT-BASED SEALER†.
- With proper dilution and application, INNOTECH CON-CLEAN will not change the color or damage the concrete.

Prior to Application

Dilution ratios: INNOTECH CON-CLEAN is a concentrate and must be diluted. One part to 20 parts water: 6-oz. to 1-gallon of water, or 1-quart to 5-gallons of water.

- Prior to application, test INNOTECH CON-CLEAN in an inconspicuous area to ensure compatibility. Contact an INNOTECH Representative with any questions about compatibility.

Product Application

- Apply with an acid-proofed, all plastic, low-volume pump-up sprayer, allowing 5-10 minutes “dwell” time. When used to prepare concrete surfaces prior to acid staining with INNOTECH CHEMICAL STAIN†, skip steps 2 and 3.
- Follow with pressure washing. To increase cleaning efficiently, scrub with a Nylon-grit brush before pressure washing.
- Rinse thoroughly and let dry.
- When used to prepare concrete surfaces prior to staining with INNOTECH CHEMICAL STAIN†, once the residual residue has been removed, it is not necessary to let the surface dry, or pressure wash surface. Apply INNOTECH CHEMICAL STAIN† directly to treated surface and follow INNOTECH CHEMICAL STAIN† instructions for Product Application.

Coverage Information

Coverage rates may vary depending on surface porosity, texture, age and condition of the concrete, the application method, and other local conditions:

- Approximately 4,000 square feet per gallon.

Maintenance

INNOTECH highly recommends you develop and follow a schedule of routine maintenance for all colored concrete, so it maintains a quality appearance. Colored concrete installations should be routinely inspected, cleaned and resealed as required by the local conditions. Cleaning and resealing schedules will depend on several factors including, but not limited to, volume and intensity of traffic, maintenance procedures and weather.

Product Limitations

INNOTECH CON-CLEAN along with any remaining residue must be thoroughly removed from the surface prior the application of any additional products. Failure to do so may result in the products failing to adhere to the surface or when used with INNOTECH CHEMICAL STAIN the residue may impede the stains ability to react with the substrate.

Technical Information

Please refer to the corresponding SDS for hazard-related information.

- Color/Odor Red/Mild
- Specific Gravity 1.3 (H₂O=1)
- Detergent Type Nonionic
- Solubility in Water 100% for hard, soft or deionized water
- Surface Tension 29 dynes per cm at dilution of two oz./gal.
- Flash Point None
- Density..... 11 pounds per gallon
- pH 0.5 ± 0.2

Available Packaging

- INNOTECH CON-CLEAN is available in 1- and 5-gallon containers.

Product Shelf Life/Storage

Store INNOTECH CON-CLEAN indoors, away from heat or sunlight at a temperature range of 50 °F - 80 °F. Do not allow product to freeze. Shelf life: 12 months.

Product Handling

Prior to using INNOTECH CON-CLEAN please reference the corresponding Safety Data Sheet to ensure safe handling. Always wear gloves and eye protection when handling product.

Product Warranty

INNOTECH CON-CLEAN is a proprietary product, warranted to be of uniform quality within our stringent manufacturing tolerances. As no control is exercised over the product use, no warranty is made as to the effects of such use (neither expressed or implied). Obligation of the seller and manufacturer under this warranty shall be limited to a refund of the purchase price of that portion of the material proven to be defective. The user assumes all other risk and liability resulting from uses of this product. Contact INNOTECH with any questions regarding this policy.

PLEASE REFER TO CORRESPONDING TECHNICAL BULLETIN FOR PRODUCT AND APPLICATION DATA.

INNOTECH CON-CLEAN and other INNOTECH products are for professional use only.
