

Aquablak & Aquablak Plus

ChromaScape is a leading supplier of high-quality carbon black dispersions for industrial applications. Through our extensive global sourcing network, we address evolving market challenges by delivering innovative solutions that enhance color performance and consistency.

Our commitment is to provide customers with superior-quality products at competitive prices, ensuring both value and reliability. With multiple manufacturing locations, we offer added security of supply and dependable service across diverse markets.

Aquablak

Aquablak is the choice for ink and coatings applications looking for consistent performance and quality. Our flagship carbon black dispersions are known for their superior strength and stability. Aquablak dispersions can work with a wide range of substrates and end applications.

PRODUCT CODE	PERCENT PIGMENT	PERCENT SOLIDS	DESCRIPTION
104585	35	43-45	Inks & coatings for kraft, corrugated, porous stock
101453	33	36.5-38.5	Printing Inks, resin free
104272	35	43-45	High jetness for uncoated paper, kraft, corrugated and newsprint
100530	40	47-49	General use Printing Ink.
104499	37	42-44	Low cost, high jetness inks for uncoated, kraft, corrugated and film
104659	40	48-50	High strength for paper, film and foil
100754	35	47-49	Non-conductive, microwaveable
104554	40	48-50	Corrugated Ink, good opacity
100568	36	40-42	Broad compatibility, workhorse nonionic black for OEM
101085	30	35-37	Industrial black
101495	49	51-53	High solids, blue Shade, economical black
100652	50	51-54	High solids, blue shade for shading paint
100995	38	48-52	High solids traffic, athletic field
117035	31	35-37	Medium resin, high jetness for inks & OEM coatings
100803	25	28-30	Conductive black for PU foam

Aquablak Plus

The Aquablak Plus series are high-solids specialty dispersions designed to give ink and coating manufacturers maximum formulation flexibility by delivering exceptional tintorial strength. These premium dispersions are ideal for flexible packaging, tag and label ink systems, and architectural, decorative and OEM coatings.

PRODUCT CODE	PERCENT PIGMENT	PERCENT SOLIDS	pH	VISCOSITY (cps)
