

# CHROMAPAVE<sup>®</sup> ASPHALT SEALER

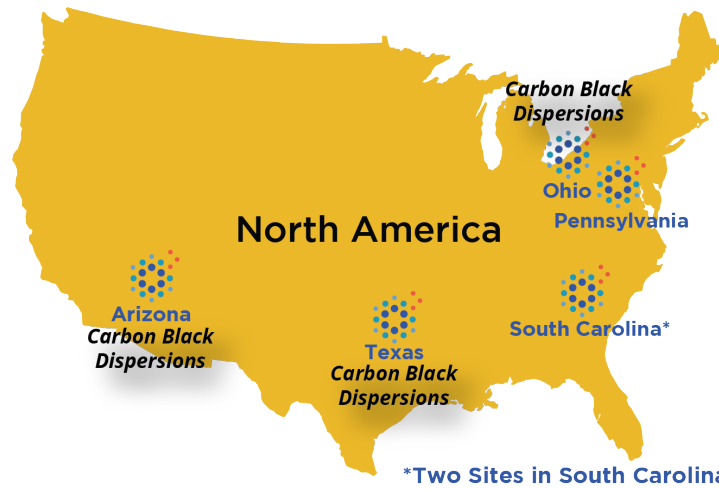

## Carbon Black Dispersions for Asphalt Sealers

As a leading consumer of carbon black, we are uniquely positioned to service the asphalt sealer market. ChromaScape has a strong history of ensuring a consistent supply even during tight market conditions.

We come to market with a variety of black dispersions for asphalt emulsion products, including our Midnight Black Series with different levels of solids and viscosity.

Consult your sales representative on what might work best for you based on how you produce your emulsion and what traits are most important for you to position your products.

Positioned to limit freight impact, ChromaScape has manufacturing plants throughout the country, with carbon black dispersions **strategically available in Arizona, Texas and Ohio.**

**Don't forget to ask us about our Hot Mix Colorant capability.**

**Product Shelf Life and Storage:** ChromaScape Asphalt Sealers should be stored in a dry place.

**Legal Disclaimer:** We do not guarantee performance and the user should perform their own testing to assess suitability in their application. User assumes all other risk and liability resulting from use of this product. No claims, representations or warranties, whether express or implied, are made by our company as to the safety, reliability, durability and performance of any of our company's products. In no event shall our company be liable for any direct, indirect, punitive, incidental, special consequential damages, to property or life, whatsoever arising out of or connected with the use or misuse of our products.
